To whom it may concern:

Just a quick background.....I am a 43 year old housewife who has had several psychic happenings in my lifetime. I am not a practicing psychic, but had an experience on Jan. 10th, 1978 leading me to believe that Ted Bundy is in the vicinity of Mountain Home, Utah (not Mountain Home Airbase in Montana.) It must be a very small community as I had difficulty finding it on the map, lying almost due East of Provo, Utah. The number on the hiway leading into it appears to be 87.

I feel so strongly about this, that I do plead that someone pick it up as a possible lead to Mr. Bundy's whereabouts.

I have talked to authorities here and they are less than enthusiastic. In fact, I almost considered giving up, but have decided the feeling persists and is too strong to ignore. I do realize, that during an investigation of this type, you no doubt receive many calls and letters similar to mine. Despite this, I would very much encourage your immediate reaction towards this vicinity. Enclosed please find my name, address and phone number in case you wish to contact me for any reason. Best regards in this endeavor.....I remain

Sincerely,

Mrs. Dave Williams

P.S. The name "Glasgow" which comes to my mind also, seems to come later, when he will perhaps travel north further.

Dear Sirs:

I am enclosing a copy of a letter I have sent to the F.B.I. in Provo, Utah. That city being the closest to the vicinity I believe Ted Bundy is in. The letter is self-explanatory (as much as such things can be explained). I can offer no further explanation as to why that particular area came to mind, but do hope that it will be taken with a serious note, and certainly looked into, perhaps to the benefit of all concerned.

Sincerely,

Mrs. Dave Williams
